December 2010 President's Report

Seasons Greetings to all our members and their families.

All the best for the festive season and may 2011 be your best year yet!

There is no *Action-Line* published in January so our next contact will be in late January with Tasman results and details of the FoSC's Wakefield meeting on Feb 11th – 13th. With luck we should be having the launch of the club's new shed at this meeting, so no excuses [it's too bloody hot etc], get your entry in to Charles soon!

Thank you also to the 3 members who have volunteered to help with laying the electric cables to our new venue. Gentlemen you know who you are!

Still no reply from CAMS! Are we surprised? Wazza has a confirmed Group N field at the 12-hour with the minimum 20 cars now exceeded.

At the time of writing there is a 47-car [maximum grid density] Group Nb & Nc combined field for the HSRCA's Tasman Revival. Na has 4 entrants. Parking is at a premium and those of you not in garages or carports will be restricted to a 12 meter X 3 meter area on the back row of the skidpan as we had at the last two MCM's.

I can't pull any rabbits out of hats, so please don't ask! Your racecar and a tender vehicle, that's it. Other groups are restricted to racecar only, no tender, so count yourselves lucky!

Thanks to our sponsors Cleaners Warehouse and Rev Doctor for their contributions to the Tasman Prizes. Give Max and Scotty a "thank you" when next you see them.

At the next General Meeting on December 7th we will be presenting the Pointscore Trophies for 2010's racing, along with the Encouragement, Most Improved, Sportsmanship and President's Awards! Check Troy's points table elsewhere in the magazine and come along to congratulate the winners. After the presentation an open bar will be declared for winners and members to celebrate!

I'm away in the snow for most of January so questions can be emailed or wait till I'm back. Don't ring; I won't answer! Best Wishes,

**Dave Roberts,
President**

Race Report

Historic Sandown 2010 - Return of the Thunder

Healthy grids in all Historic Tourer classes helped celebrate 50 years of the ATCC with mainly fine conditions throughout the weekend.

Nb

The Mustangs of Bill Trengrove, Tino Leo and Andrew Cannon ran in close company up the front until the latter lost touch slightly with the spirited battle ahead of him. Despite almost having no seat time in the past two years Leo pushed hard and lowered Jervis Wards lap record. In the end Trengrove had a narrow win from Leo with Cannon third. Paul Zazryn (Mk II Jag) was a strong fourth from Sandown debutant Phil Shepherd (ex Bailey/Sluce EH) then Vic Waterhouse (Mk II Jag), Ian Pringle (Mini), Nick Cascone (freshly painted Cortina), the Graham Gulson Alfa (as if it would be anything else..) and Tony Pejkoivic (EH).

The Minis of Len Read and Paul Girt fought all the way to the flag for 11th. Phil Barrow (FJ) led home Dean Bryant (guest steering the Rob Southouse Humpy) even though the crank was found to be broken post race! An engine change later that night would see Barrow return on Sunday.

Trengrove dropped the hammer in race

two and grabbed an untroubled win from Leo and Cannon then Zazryn, Waterhouse, Shepherd, Pringle, Read, Gulson, Girt and Pejkoivic climbing back up to tenth after muffing the start. Cascone finished but would not return after dropping a cylinder. The final race again saw Trengrove streak away to take an easy victory from Leo with the flying Zazryn third in front of Cannon.

Nc

Fraser Ross in the ex Marget Mustang made a great start to lead until Tony Hubbard (Camaro) blasted past on the back straight. Daryl Hansen (Mustang) gathered up John Mann (Mustang) and Ross to climb to second as the Charger trio of Rob Burns, Michael Hibbert and Les Walmsley battled hard until Les lost an oil line and retired. Harry Bargwanna (Mustang) was also out after breaking a shifter while Sandgroper Mark Jewell spun out after the throttle stuck open in his Torana.

Leo Tobin (Mustang) vaulted up the order after qualifying down the field as Hubbard took a close win in front of Hansen with Ross next then Mann who was battling a miss. Burns was fifth then Hibbert, Denis O'Brien (in the Shearer Mustang), Brian Potts (HT Monaro), Gary Edwards (Torana) and Geoff Taylor (Mustang) in tenth.

Race two saw a controversial incident at turn one on the second lap. The safety car came out after Hansen and Hubbard clashed following an

intense battle that also included Ross. Hansen was out while Hubbard lost many places. Ross led after the re-start and went on to win with a battered Hubbard second after getting past Mann on the last lap. Walmsley finished tenth from rear of grid with the amazing RX-2 of Ben Read in 11th. W.A.'s Stuart Young was the first Torrie home in 13th behind the Porsche of Mark Johnson.

Hubbard did not reappear for race three while Hansen would start from the back but elected to use the race as a test session for the unfamiliar Yokohamas. Mann and Burns jumped Ross at the start but it wasn't long before the lanky son of sports car racer Ian Ross took the lead and the eventual win with Mann second and Walmsley a strong third in front of Burns and Tobin. Further back former Cortina racer Stuart Barnes posted a finish after a troublesome weekend with his immaculate new '69 Mustang which would not have looked out of place at the annual Mustang Concourse at Dandenong Showgrounds the preceding weekend.

C & A

Pole sitter Gary Collins (HRT Commodore) spun the bags off the line allowing Ross Donnelly (Seton Sierra) to lead until the Collins Walky blasted past on the back straight. Adrian Allisey (Smerdon Commodore) retired after a clash with Norm Mogg (HRT Commodore) and Stephen Perrott (Roadways A9-X) as did Donnelly with engine dramas that would end his meeting. Collins won from son Chris (Gp.C Commodore) with Mogg third then Perrott, Craig Bowering (ReCar Commodore), Ed Singleton (STP Commodore), Gary Kirwan (Gerald Kay Commodore), Bill Cutler (BMW M3), Lindsay Woollard (Roadways A9-X) and 1970 Bathurst third place man Don Holland in Shaun Tunneys ex Bob Forbes A9-X.

Continued next page.....

Race Report Historic Sandown 2010 (cont'd)

Race two saw the ex Gibson Motor Sport HR31 Skyline of Carey McMahon climb the order after a race one DNF until he hit the curb at turn one after a big dice also involving Singleton and Cutler. Witnesses claimed the Nissan shot at least three feet in the air before

lobbing in the sand trap with just a little bit of damage to the front splitter. The Collins family finished almost side by side for another one - two with Mogg third. Neville Butler posted a

finish in the debut of his ex John English RS2000 after fuel problems in race one.

Gary Collins won the 15 lap final that featured a compulsory pit stop that required teams to affix a sticker to the front and rear screens. Mogg went out early with gearbox dramas while Allisey leapfrogged Chris Collins during the pit stops and just held out the Group C machine in a great dice for second that went right to the flag. Mike Roddy ('85 Bathurst winning Jag) was fourth in front of Cutler.

1. I was on my way to the doctor with rear end trouble when my universal joint gave way causing me to have an accident.
2. I knocked over a man. He admitted it was his fault as he had been run over before.
3. I collided with a stationary tramcar coming the other way.
4. I consider that neither vehicle was to blame but if either were to blame it was the other one (Irish).
5. I left my Austin Seven outside and when I came out later to my amazement there was an Austin Twelve.
6. Car had to turn sharper than was necessary owing to an invisible lorry.
7. To avoid a collision I ran into the other car.
8. The pedestrian had no idea which way to run, so I ran over him.
9. The other car collided with mine without giving any warning of its intention.
10. The other man altered his mind so I had to run into him.
11. I told the other idiot what he was and went on.
12. A pedestrian hit me and went under my car.

My Bit.....by Jules

Hi Guys. Almost year's end and I've run out of puff.....looking forward to a break before the January onslaught. Don't forget it's renewal time so, get in early and make sure you're all legit before the 2011 racing season starts. **Have a happy and safe holiday season and I'll see you soon.** Jules

Giving Up Wine.....

I was walking down the street when I was accosted by a particularly dirty and shabby-looking homeless woman who asked me for a couple of dollars for dinner.

I took out my wallet, got out ten dollars and asked, 'If I give you this money, will you buy wine with it instead of dinner?'

'No, I had to stop drinking years ago', the homeless woman told me.

'Will you use it to go shopping instead of buying food?' I asked.

'No, I don't waste time shopping,' the homeless woman said. 'I need to spend all my time trying to stay alive.'

'Will you spend this on a beauty salon instead of food?' I asked.

'Are you NUTS!' replied the homeless woman. I haven't had my hair done in 20 years!

'Well, I said, 'I'm not going to give you the money. Instead, I'm going to take you out for dinner with my husband and me tonight.'

The homeless woman was shocked. 'Won't your husband be furious with you for doing that? I know I'm dirty, and I probably smell pretty disgusting.'

I said, 'That's okay. It's important for him to see what a woman looks like after she has given up shopping, hair appointments, and wine.'

Sorry guys.....couldn't resist the pussy joke!!

It all began with an iPhone.....

March was when my son celebrated his 15th birthday, I got him an **iPhone**. He just loved it. Who wouldn't?

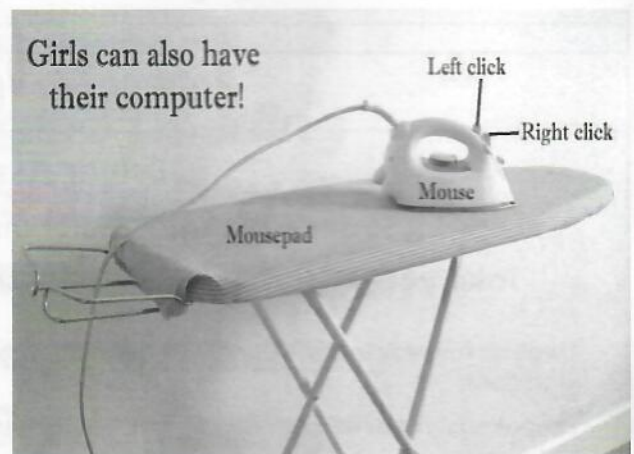

I celebrated my birthday in July, and my wife made me very happy when she bought me an **iPad**.

My daughter's birthday was in August so I got her an **iPod Touch**.

September came by so for her birthday I got my wife an **iRon**.

It was around then that the fight started..... What the wife failed to recognise is that the **iRon** can be integrated into the home network with The **iWash, iCook and iClean**. This inevitably activates the **iNag** reminder service.

So that's where the saying came from !!!

England is old and small and the local folks started running out of places to bury people. So they would dig up coffins and would take the bones to a bone-house, and reuse the grave. When reopening these coffins, 1 out of 25 coffins were found to have scratch marks on the inside and they realized they had been burying people alive. So they would tie a string on the wrist of the corpse, lead it through the coffin and up through the ground and tie it to a bell. Someone would have to sit out in the graveyard all night (**the graveyard shift**) to listen for the bell; thus, someone could be **saved by the bell** or was considered **a dead ringer**.

And that's the truth.....Now, whoever said History was boring !!!
