**EDITORIAL etc.**

The new year is already under way with a first up successful Historic race meeting at Amaroo in late January. This year there is no excuse for poor grids as there is both a top range of events and adequate notice... up to and including the presentation night at the end of the year.

Two special events for the year are the Interstate Challenge which is to be conducted over three rounds, and Bathurst in October. Both these events have a social component in addition to some great venues and I commend them to all those who enjoy a challenge in new surroundings. Maybe there is also going to be an Adelaide, we can only try.

Speaking of social events we are looking for suggestions for a social day similar to our reunion day last year. If anyone has a good idea I would like to hear so we may consider. There are already some suggestions that involve travelling a possible night away. I would prefer a single day event.. but do not let that stop you.

**Amaroo, 23 February**

At Amaroo for the Touring Car round, the Association has been fortunate to be allocated an area for our cars. The area is at the far end of the top area normally reserved for the Group A transporters, at the end of the tar and on the grass. Not all the cars will fit, but the Association will be hosting a BBQ and social event in the area, along with trophies after the racing on Sunday. Be there!

Regards,  
Tom Amos

## VICE PRESIDENT'S REPORT

Happy New Year everyone.

This year looks like shaping up to be one of our best. The first meeting for 1992 was the Historic Meeting at Amaroo Park; a great weekend's racing had by all and once again thanks to the HSRCA for inviting us. We had a barbecue arranged at the last minute which went down well with our interstate guests. Thanks to Rosco, Fiona & Brett Reeves and a BIG thanks to Nissan Motor Sport and Ivan Stibbard for a loan of their garage for the weekend.

Please support the race meetings that Amaroo Park invite us to as this will help us in the future.

Rob Ingram has done a lot of work to get us these meetings and thanks to Greg and the ARDC we are going to October Bathurst. This includes the people who live on the south coast not one entered for the Historic.

### Valiant versus Mustang

Could this be the end of the megabuck V8's? Cameron Tilley hopes so.. well driven at the last two meetings. He also recorded 59.98 in the prelim at the Historic. One of the few cars to break the magic minute in an Appendix J race all weekend (and the Barracuda is entered for the Touring car round in February).

### Trophies and pointscores

If you want to score points and win trophies you must be financial. Family memberships don't count, eg your grandmother can't use your membership.

### Enter the S22 1964 EH Holden

This car was produced in 1964 for the Bathurst meeting. It is an updated version of the S4 boosted compression twin carburettors wild cam, etc. The interesting thing about the car is it has **disc brakes** up front (HD type) and **large rear drums**. We are still investigating as papers come to hand (Lindsay eat your heart out).

### Race numbers

The race numbers are published again and are now up to date. Thanks everyone for your support and help. The list is already with the ARDC.

Regards, Syd Grevett
