BATHURST 1992

With Bathurst on for 1992 the Association is looking for people who are prepared to assist in organising some of the support services for the race. Such things as Tents, BBQ and trophies are all special for

EDITORIAL etc.

Have you noticed how the grids for both the Restricted and Open meetings are now much better than only last year? It appears that the reduction in the number of invitations that are accepted has boosted the attendance at those meetings where both the pointscore and the championship are in operation.

There are still some club meetings that are being run which are outside the official calendar and members are quite welcome to attend these meetings if they wish but unless the meeting is listed on the club calendar there will be no points or club trophies for the meeting.

Moving onto the invitation events for 1992, the first after the Hessone series third round at Eastern Creek is Bathurst 1992. More details are now available and there will be a 4 lap race on Sunday morning prior to the main race.

The ARDC has done a superb job on this and I thank Greg Toepfer, Ivan Stibbard and the committee of the ARDC and Channel Seven for their continued help and assistance to get Appendix J back to Bathurst. The subject of entry fee and support facilities are yet to be finalised but the arrangements look more than reasonable based upon previous years. Good one!

Moving off events and into ... not tyres but a new category. There has been some discussion for a while now about the reintroduction of the 1965 to 1972 category to run alongside the Appendix J cars of Group N. A similar formula to Group N is proposed but wider rims and road only tyres have been suggested.

I would be interested in members views on whether such a category would be acceptable and if so how it could work within the current Group N structure. Some would say that a number of our cars already qualify by default(!) but as the idea is now gaining some momentum it is timely for this Association to develop both a policy and a widely held view on the matter. Please either write to me or catch me at a meeting if you have a view on the matter.

Regards,
Tom Amos

WHO'S WHAT AND WHY

THE BOYS IN BLUE

You've heard of the Kelly Gang, The Brady Bunch, and the Three Stooges. Appendix J has its own - The Tilley Boys.

Brad, at 26, is the "old man" of the trio and current club champion. He has been racing for 10 years and this year has swapped his Mustang for a Plymouth Barracuda - automatic and blue, of course.

Past successes include the Appendix J Division 1 Cup in 1988 and 1989, the Ian Geoghan Trophy for Historic Racing in 1989 and 1991 and Club Driver of the year in 1989 and 1991. Brad started racing in an "S" Series Valiant with hillclimbs and drag racing.

Next is Cameron, aged 23. He too drives a blue car - Brad's "S" Series automatic Valiant and is consistently placed among the front runners at every meeting. He is currently placed third in the 1992 Appendix J Driver's Championship, having been racing for 3 years.

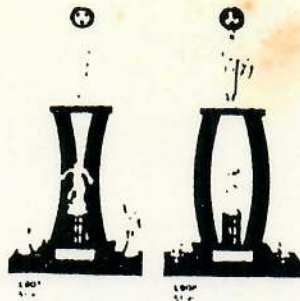

Youngest of the brothers is Jason, 22. Jason drives a blue! Valiant AP5 automatic and is currently running second in the 1992 Driver's Championship. He has been racing for 5 years and was third in the 1991 Appendix J Cup.

The Tilley boys prepare their own cars, being qualified mechanics. In their spare time, water skiing seems to be their favourite "leisure" activity. Car racing can't be described as leisure, they take it too seriously for that!

RESULTS
