## EDITORIAL

There are many mid year issues but the topic of not enough race meetings seems far from what the attendances seem to indicate.

There has been a desire over the last few years to reduce the number of invitations that the Association receives so as to match reasonable grids with regular events. It is hard to pare down the 20 plus invitations to around a dozen or so plus special events but it has been done and unfortunately some events are unable to be supported.

This has not stopped some promoters still inviting the Association and then combining the small grid with other categories ... and then complaining. That's the luck of the draw.

The aim has been to support Historic events and then series events such as Amaroo and various interstate series that we have promoted in conjunction with the other Associations and in the main this has worked. Small grids are always a problem and some pre planning does seem to help.

There is never a happy medium but I suppose that some races are better than none or too many.

Speaking of rules, it was nice to see the times come down towards those of late last year on R tyres. A different style is required but as was said from the start, the relativities will not change, only the closeness of the racing. I hear that Gordon Leven of Yokohama is to come to the August meeting and talk about the new A 008 road tyre that has made such a positive impact on the big cars, both here and in Victoria. Should be worth quite a listen!

As to the ramblings of Cummo et al at Amaroo that Syd has referred to elsewhere in the Magazine, the Association has yet to receive a copy of the HCC April meeting minutes so it is hard to comment on the proceedings, although it is worth noting in recent history that there has not been any active Group N persons at any stage on the HCC committee.

I suppose the results we appear to be getting second hand reflect how well all our interests and views have been represented.

Regards  
Tom Amos

## TROPHY REPORT

- \* Five rounds of the championship to go
- \* Four rounds of the J cup to go

It was a good weekend's racing; we lost a lot of cars but everybody had a good time.

Syd Grevett

The most interesting thing that came out of the weekend is John Cummins was calling the J races and after the preliminary, he told everybody over the PA system that Appendix J will lose cars that did not race in Australia prior to December 1964. He claims the Mustangs will go into the 65-75 Group and he also said the Minis (1275cc) were being looked at being moved into the new group. I spoke to Bob Asher about it, he said it would not happen. If you think the tyre saga depressed me, this has depressed me even further.
