## EDITORIAL etc.

After a great Bathurst what more can I say ... the weather was right, the track time great and Rosco's Bar and Grill was right on the mark. Thanks go out to Forcefield Marketing for staging such a good event and although we only made glimpses on the TV the last race was recorded and should be available soon for viewing at a General meeting.

Much is still going on in the quest for the Adelaide GP. I spoke to Glen Jones of the AGP office and we have tentatively booked a slot for a presentation around mid May. What is intended is a coverage of the type of field that could be invited along with the race arrangements and the highlights that our style of racing could bring to the AGP.

It is very important that the Association does put on a good event and we will be stressing our recent record to Glen and his committee. If you want to go then let me or Robert Ingram know. I would also appreciate a colour photo of your car for our records and information sheets.

Moving off the racing scene and into the future I was intrigued to read Graham Howard's "Auto Action" account of the recent Historic Car Committee (HCC) meeting. No doubt others have also read the report that underlines the total lack of communication that the CAMS HCC has with our Association. Apparently there is to be a revision to our basic rules to allow a new category for Group N (viz 1965 to 1972). It is also intended, according to Howard, that Mustangs and like will be removed from our current ranks and allow only cars that raced in the day to compete in the pre '65 category.

It is amazing that we read about proposed changes in a public magazine rather than being consulted prior to any decision. It is also unacceptable that this founding Association is not even consulted on its' views of the current rules by a group of non participants who claim to represent our interests.

The Association has already had two votes about the new category and rejected it out of hand on the information so far. As to changing the basis of the category to "cars raced" that would be not only a major step but outside all the original concepts when the category was reintroduced.

We will just wait and see but no doubt someone may ask us what we think so if you have a view let me know!

Regards,  
Tom Amos

BATHURST TOOHEYS 1000 AND APPENDIX J CONFIRMED.  
STIBBARD SAYS RACE OF CHAMPIONS ON - 2 PRACTICE  
SESSIONS AND TWO RACES! (at least at this stage,  
anyway (C.M.))

Allan Wick has magnanimously decided to sponsor the Bathurst races for a very generous amount - bit TA. PR department will organise lots of PR - might event get TV cover (??!!)

Hands up those wanting an entry... Please let Tom Amos or myself know - you'll be pleased to see that my real telephone numbers have been printed in Action Line this month.

The pointscore for the **Arai Helmets Tri-State Series** is elsewhere in the mag. The current leaders are Dobbs (FC Holden), Burchall (Lotus Cortina), Hunt (Mustang), Read (Cooper S) and new white Bellett by Amos. Next round at Lakeside 17 & 18 July.

Note that the 21 November round of the **ARDC Club meeting** is now 22 August.

It appears that the **Sandown 500** is on the Victorian Appendix J calendar. I'll get some details.

Editor please note that Galaxie is spelt: g-a-l-a-x-i-e not galaxy (see Action Line - April - Competition Report) (ED: not according to my Macquarie Dictionary!! - but we'll humour you anyway).

The **SSRA** forwarded entries to all those Appendix J drivers who entered their meetings last year and received 2 entries for the meeting at Eastern Creek on 1/2 May - not bad. For some reason the SSRA did not think that Appendix J wanted to participate in their meetings - some one told them so. But in their defence they didn't receive official confirmation from us (read, me) that we wanted to go to their 3 meetings as per the calendar, until fairly late. We're right for the other SSRA meetings though.

Arrangements are still not complete for the visit to NZ for their **Historic** races. Letter from the organisers is reproduced elsewhere in this issue. They are looking at November. This conflicts with Adelaide if it comes off. Otherwise February '94 may be a goer for Classic Touring Cars in NZ.

There were some grumblings at Bathurst about big cars with bit motors going too quickly. Maybe the reason Mick Donaher won, as I saw it from the spectator's point of view, was because he was going harder than anyone else. Maybe those complaining will just need to turn the steering wheel a bit more - well done Mick... but watch out next time!

## TROPHY REPORT

### BATHURST

What a great weekend. Plenty of racing and good value. Thank you FORCEFIELD MARKETING.

Barbecue was great - thanks to ROSS and his team; Trevor Kelly was in top form as was Peter Sugden; the party finished at 2am Saturday morning.

The trophies were top class and thanks again to West Ryde Trophies for supplying the competitor's cups. We had various awards over the weekend:

BAD LUCK AWARD - Jason Tilley (new car on the way, I believe)

BEST PRESENTED CAR - Allan Heath (Falcon Sprint)

WOODEN SPOON - Bill Coote.

### CLASSES IN THE TROPHY RACE:

Dear Robert,

**Ref: New Zealand Classic Race Meeting, 13th/14th November 1993**

Just to keep you informed of proceedings regarding plans for an Australian contingent to compete at the Thoroughbred, Classic & Historic Race Meeting to be held at the Manfeild Autocourse, Fielding near Palmerston North on 13th & 14th November 1993

We are still negotiating with a number of shipping companies regarding the transportation of your vehicles to NZ. We have one company who have offered free return shipping but it is from Brisbane so we are still involved in shipping ex Sydney and Melbourne which is more beneficial to all of us.

We expect that you will be able to bring your own tow cars as we have had success with the Traffic Safety Service, NZ Police regarding registration and licences.

Qantas have offered discounted airfares for the November Meeting

As you can imagine, talks are still progressing so I cannot give you a definite decision as yet but will keep the pressure on the suppliers.

To be able to compete at Manfeild Autocourse and in keeping with the local Council Bylaws all vehicles must be effectively muffled to 95 decibels and there is not right of appeal. We ask that you prepare your car to this level or be prepared to do so.

Kind regards
