

# Appendix J Association of NSW. Inc

What's this you say ? A news letter in January. The committee felt there were a couple of important things you needed to know about.

Firstly, we have made a few changes to the pointscore system to accommodate our expanding club, now that we've in effect 4 different divisions.

Secondly, with entries for Eastern Creek and the Amaroo Historic about to close, we felt a competitor calendar should be available, so you could plan your racing calendar for this year.

Thirdly. Eastern Creek are holding the first ever touring car round under lights, and the promoters wanted the Appendix 'J' Classic Touring Cars on the program to assist in the success of this history making event. Because the Eastern Creek and Amaroo events are only 1 week apart, we have organised "*A Group N Speed Week*". (See attached details.)

So let me explain in detail the pointscore for '96 and the calendar as they go hand in hand.

If you remember, at the August and September general meetings we talked about limiting the number of meetings in '96 to 6 or 8. Well in effect this was near impossible to do - just whose events do we cut out ?

So what we have done, working in conjunction with the promoters wishes, is to restrict some events or series to separate divisions.

If you look at the calendar you will notice that for example Oran Park truck races will not allow Na cars to compete. Also the N.S.W.R.R.C. Oran Park clubbies are for Na and Div 2 Nb cars only.

This may not be the perfect solution, but it's the best we could do considering the limitations upon us.

So please check the calendar and organise in advance, which events will best suit you.

So now to the pointscore for '96.

The club pointscore will be run over 12 rounds, but only your best 6 will count. Now if you check the calendar, all divisions except Div 2 can enter a maximum of 9 events.

The pointscore system itself is the same as last year, as set out below.

***The Appendix 'J' cup will be run over your best three club meetings.***

<i>Starters in class</i>	<i>1st</i>	<i>2nd</i>	<i>3rd</i>	<i>4th</i>	<i>5th</i>	<i>6th</i>
<i>6 or more</i>	18	15	12	9	6	3
<i>5</i>	17	14	11	8	5	
<i>4</i>	15	12	9	6		
<i>3</i>	13	10	7			
<i>2</i>	11	8				
<i>1</i>	9					

To score divide the normal race score by the number of races.

Eg. 3 races =  $\frac{R1 + R2 + R3}{3}$

Bonuses

- 1 - extra point for fastest lap in class for entire meeting.
- 2 - extra points for each handicap finished.
- 3 - extra points for entry and official participation in meeting.

Added to this is the normal 10 - 8 7 6 5 4 3 2 1 for outright positions in your divisions. Nc - Nb1 - Nb2 - Na

**\* Please note division 1 Nb cars must finish in front of division 2Nb cars in order to receive full outright points.**

This all sounds a little complicated and involved, but with four different divisions in every race it is a very fair way of allocating points. Also if you have a set of race results in front of you, and you divide up the divisions, it is quite easy to work out.

To finish off we need a few more entries for the Amaroo Historic so we can run two separate fields again. If you haven't entered please do. Also Eastern Creek entries close on the 8th of January and we would like to support Eastern Creek as they are supporting us.

As a kickstart to the pointscore for '96, anyone competing in both rounds of the speed week, will receive 10 bonus points.

That's the pointscore for '96, the calendar is attached, as are the details for the speed week.

Hopefully I'll see you at the Creek,  
Chris.

**GROUP N SPEED WEEK**

A fantastic opportunity to race in the East Coast Challenge Cup Series.
